TA CONSULTANCY PROGRAMMES

Each module can be delivered as a stand-alone service, or as part of a complete Transformation Programme.

Evaluation

Interviews with School/Trust leadership and input from teaching staff and IT support team.

A 60-minute video call or on-site meeting.

Evaluation Report

A report is created summarising the outcomes of the evaluation and includes recommendations regarding next steps.

Delivered as a PDF file.

Strategic Workshop

A workshop attended by appropriate members of Senior Leadership Team to discuss the School/Trust vision, strategic goals, and desired impact.

A 60 or 90-minute workshop.

Strategy Document

A two-year digital strategy document articulating the vision, success criteria, expected outcomes, and benefits for the School/Trust.

Delivered as a PDF file.

Action Plan

A timeline indicating what tasks need to be completed by whom to achieve the strategic goals.

- - - - - - - - - -

Created as an editable Excel spreadsheet.

Skills Review

Online surveys are completed by staff.
One for Teaching staff, and one for Admin/Support staff.

A 20-minute online survey.

Skills Dashboard

A data dashboard displaying the results of the surveys, with the ability to view data by groups or individuals.

Presented as a live data dashboard.

Skills Analysis

A TA consultant will analyse the results displayed on your dashboard and identify groupings and patterns. These will be summarised in a report which will include a RAG rating for each focus area. The report is then discussed with the School/Trust via a video call.

A PDF summary document and video call to discuss outcomes.

Digital Skills Plan

A document outlining a proposed training plan that addresses the requirements identified in the skills review.

Delivered as a PDF file.
